## ORION, LOS ALAMOS, NM.....

ORION celebrated its annual Employee Appreciation Party for ORION's employees at Los Alamos National Laboratories on Saturday, October 27, 2007 at the La Fonda Hotel in Santa Fe. As usual, the La Fonda went above and beyond to make sure ORION's event went off smoothly. The dinner and overall service from La Fonda were spectacular. ORION's senior management expressed sincere gratitude to ORION's employees at Los Alamos National Labs for their continued dedication.

ORION Technical Resources' President and CEO, María Estela de Ríos, visited with the employees and then danced the night away. She announced that ORION teamed with a very strong VMS provider for the rebid on the contract with Los Alamos National Laboratories, and that she is confident ORION submitted a strong proposal. Mrs. de Ríos expressed her hope that next year's party would be larger, with many new employees!

Spirits were high as the guests enjoyed great food, drinks, conversation, and dancing. ORION awarded many door prizes, with the Grand Prize of 2 tickets to fly Delta Airlines, anywhere within the continental United States, won by Seth Johnson. Congratulations Seth!

ORION Technical Resources is working on its next party, the Carlsbad Employee Appreciation dinner. The date is still to be announced. Please check future issues of *The Observatory* for more information.
